Friday, October 7<sup>th</sup> / 6 - 8 pm

Saturday, December 10<sup>th</sup> / 10 am - 12 pm

Wednesday, December 14<sup>th</sup> / 6 - 8 pm

\* *Last chance for classes in 2011*

Even in today's compromised economy, the opportunities for employment in healthcare continue to be among the best for long-term professional careers! MediQuick Physician Services is very excited to be a part of a growing career in medical billing and coding.

If you have an interest in the medical billing or coding field, or if you work in the medical industry and are seeking to achieve your AAPC Certified Professional Coder (CPC) credential, we would like to provide you with a comfortable and pleasant opportunity to hear more about these careers, receive information about our upcoming classes, and ask any questions before you make important decisions.

Our free career development seminar will equip you with information about educational requirements for billing and coding careers, describe the differences in each career path, explain the various coding "certifications" and their benefits, and allow you to hear first-hand from others who have taken classes from our instructors and are on their own new career path! There is no obligation to sign-up for classes at MediQuick if you attend. This is simply a courtesy event.

Information leads to good decisions, and good decisions lead to exciting futures! Come hear about the opportunities that await you in 2011 and beyond, and determine the path to achieve your dreams!

**Speaker:** TAMRA LAHMER, CPC, CPC-I, CCS-P, MCS-P, CPRP  
PRESIDENT, MEDIQUICK PHYSICIAN SERVICES

*An enthusiastic businesswoman, Tamra has built a dynamic career starting with the same knowledge that is now taught at her own company, MediQuick Physician Services. Tamra will inspire you to achieve your career goals as she shares from first-hand experience how she developed a billing and consulting business, and her sincere passion to teach and train others for their own success in medical billing and coding.*
